## Students Directory

Add Student

Logout

FirstName	LastName	Course	Country	Action
Rajat	Singh	Back-End-Dev	India	<button>Update</button> <button>Delete</button>

- Here I am deleting the record name **Gagan Singh**

The screenshot shows a web browser window with the address bar at `localhost:8080/StudentManagement/student/list`. The page title is "Students Directory". A confirmation dialog box is displayed in the center, asking "Are you sure you want to delete this Student?". The dialog has "OK" and "Cancel" buttons. Below the dialog is a table with student records.

**Students Directory**

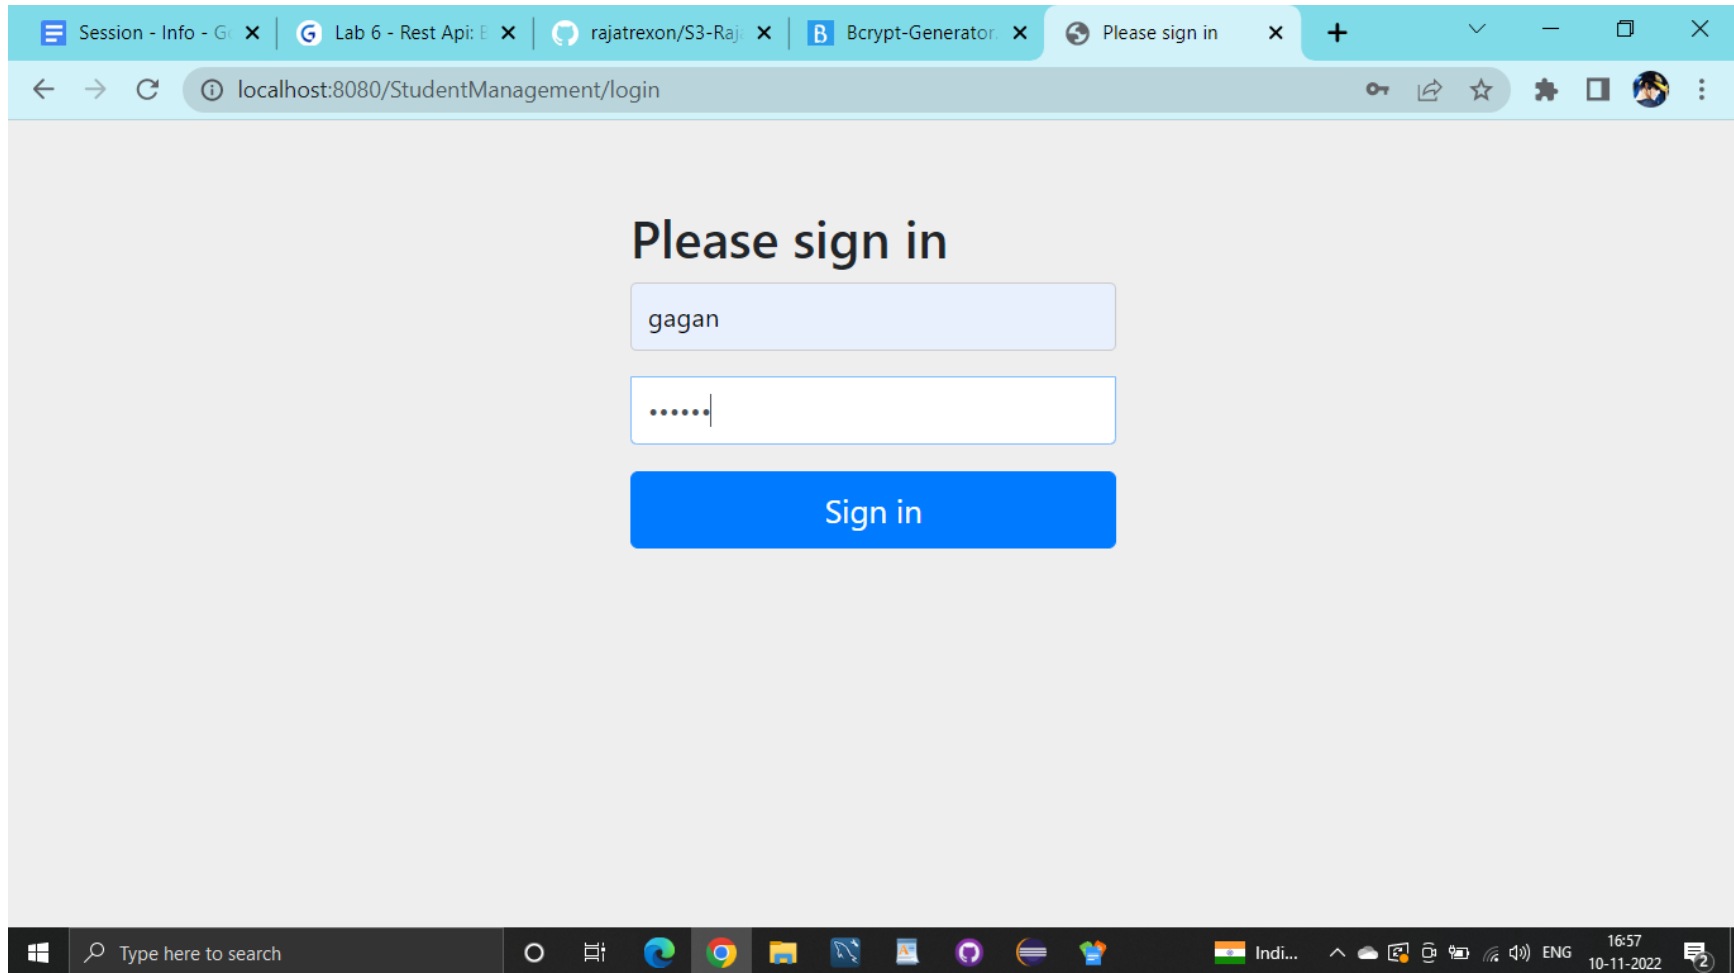

[Add Student](#)

FirstName	LastName	Course	Country	Action
Rajat	Singh	Back-End-Dev	India	<a href="#">Update</a> <a href="#">Delete</a>
Gagan	Singh	MBA	India	<a href="#">Update</a> <a href="#">Delete</a>

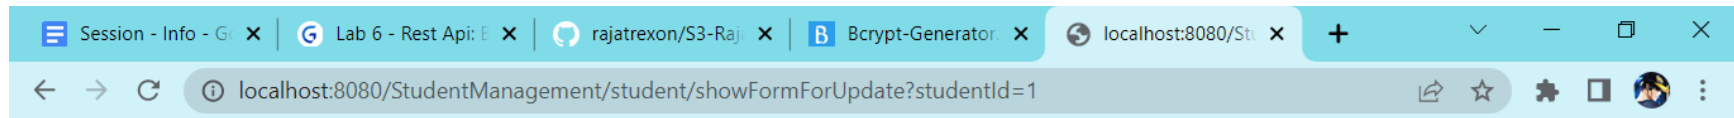

The Windows taskbar at the bottom shows the time as 16:57 on 10-11-2022, with system icons for network, volume, and battery.
